

SmartSAT: The AGI Era of SAT Prep

Where Every Point
Has a Path.

The SAT remains a high-stakes gatekeeper plagued by blind drilling anilling and opaque costs

For the Class of 2025, over 2 million students took the SAT.

11th Graders:

The PSAT is the sole qualifier for the prestigious National Merit Scholarship.

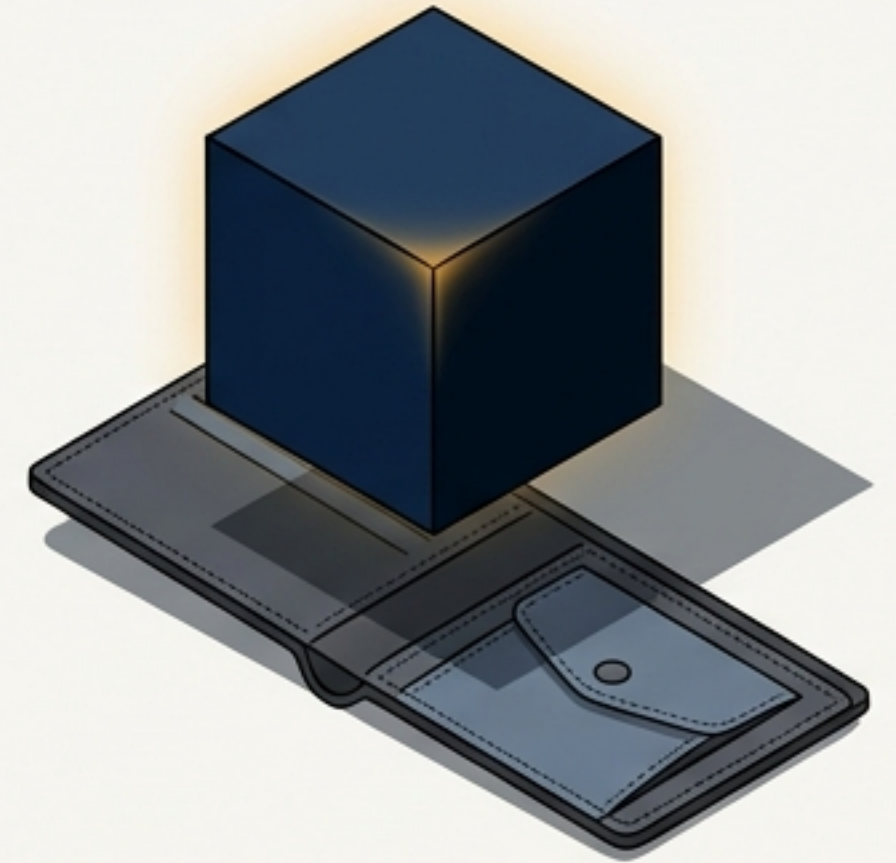

10th & 12th Graders:

It dictates college admissions trajectories.

Unguided **blind drilling** with static free banks leads to **burnout**.

Expensive, **unscalable** tutoring with **zero daily visibility**.

Enter SmartSAT: A 24/7 AI-native engine that turns every mistake into mastery

Not a static question bank.

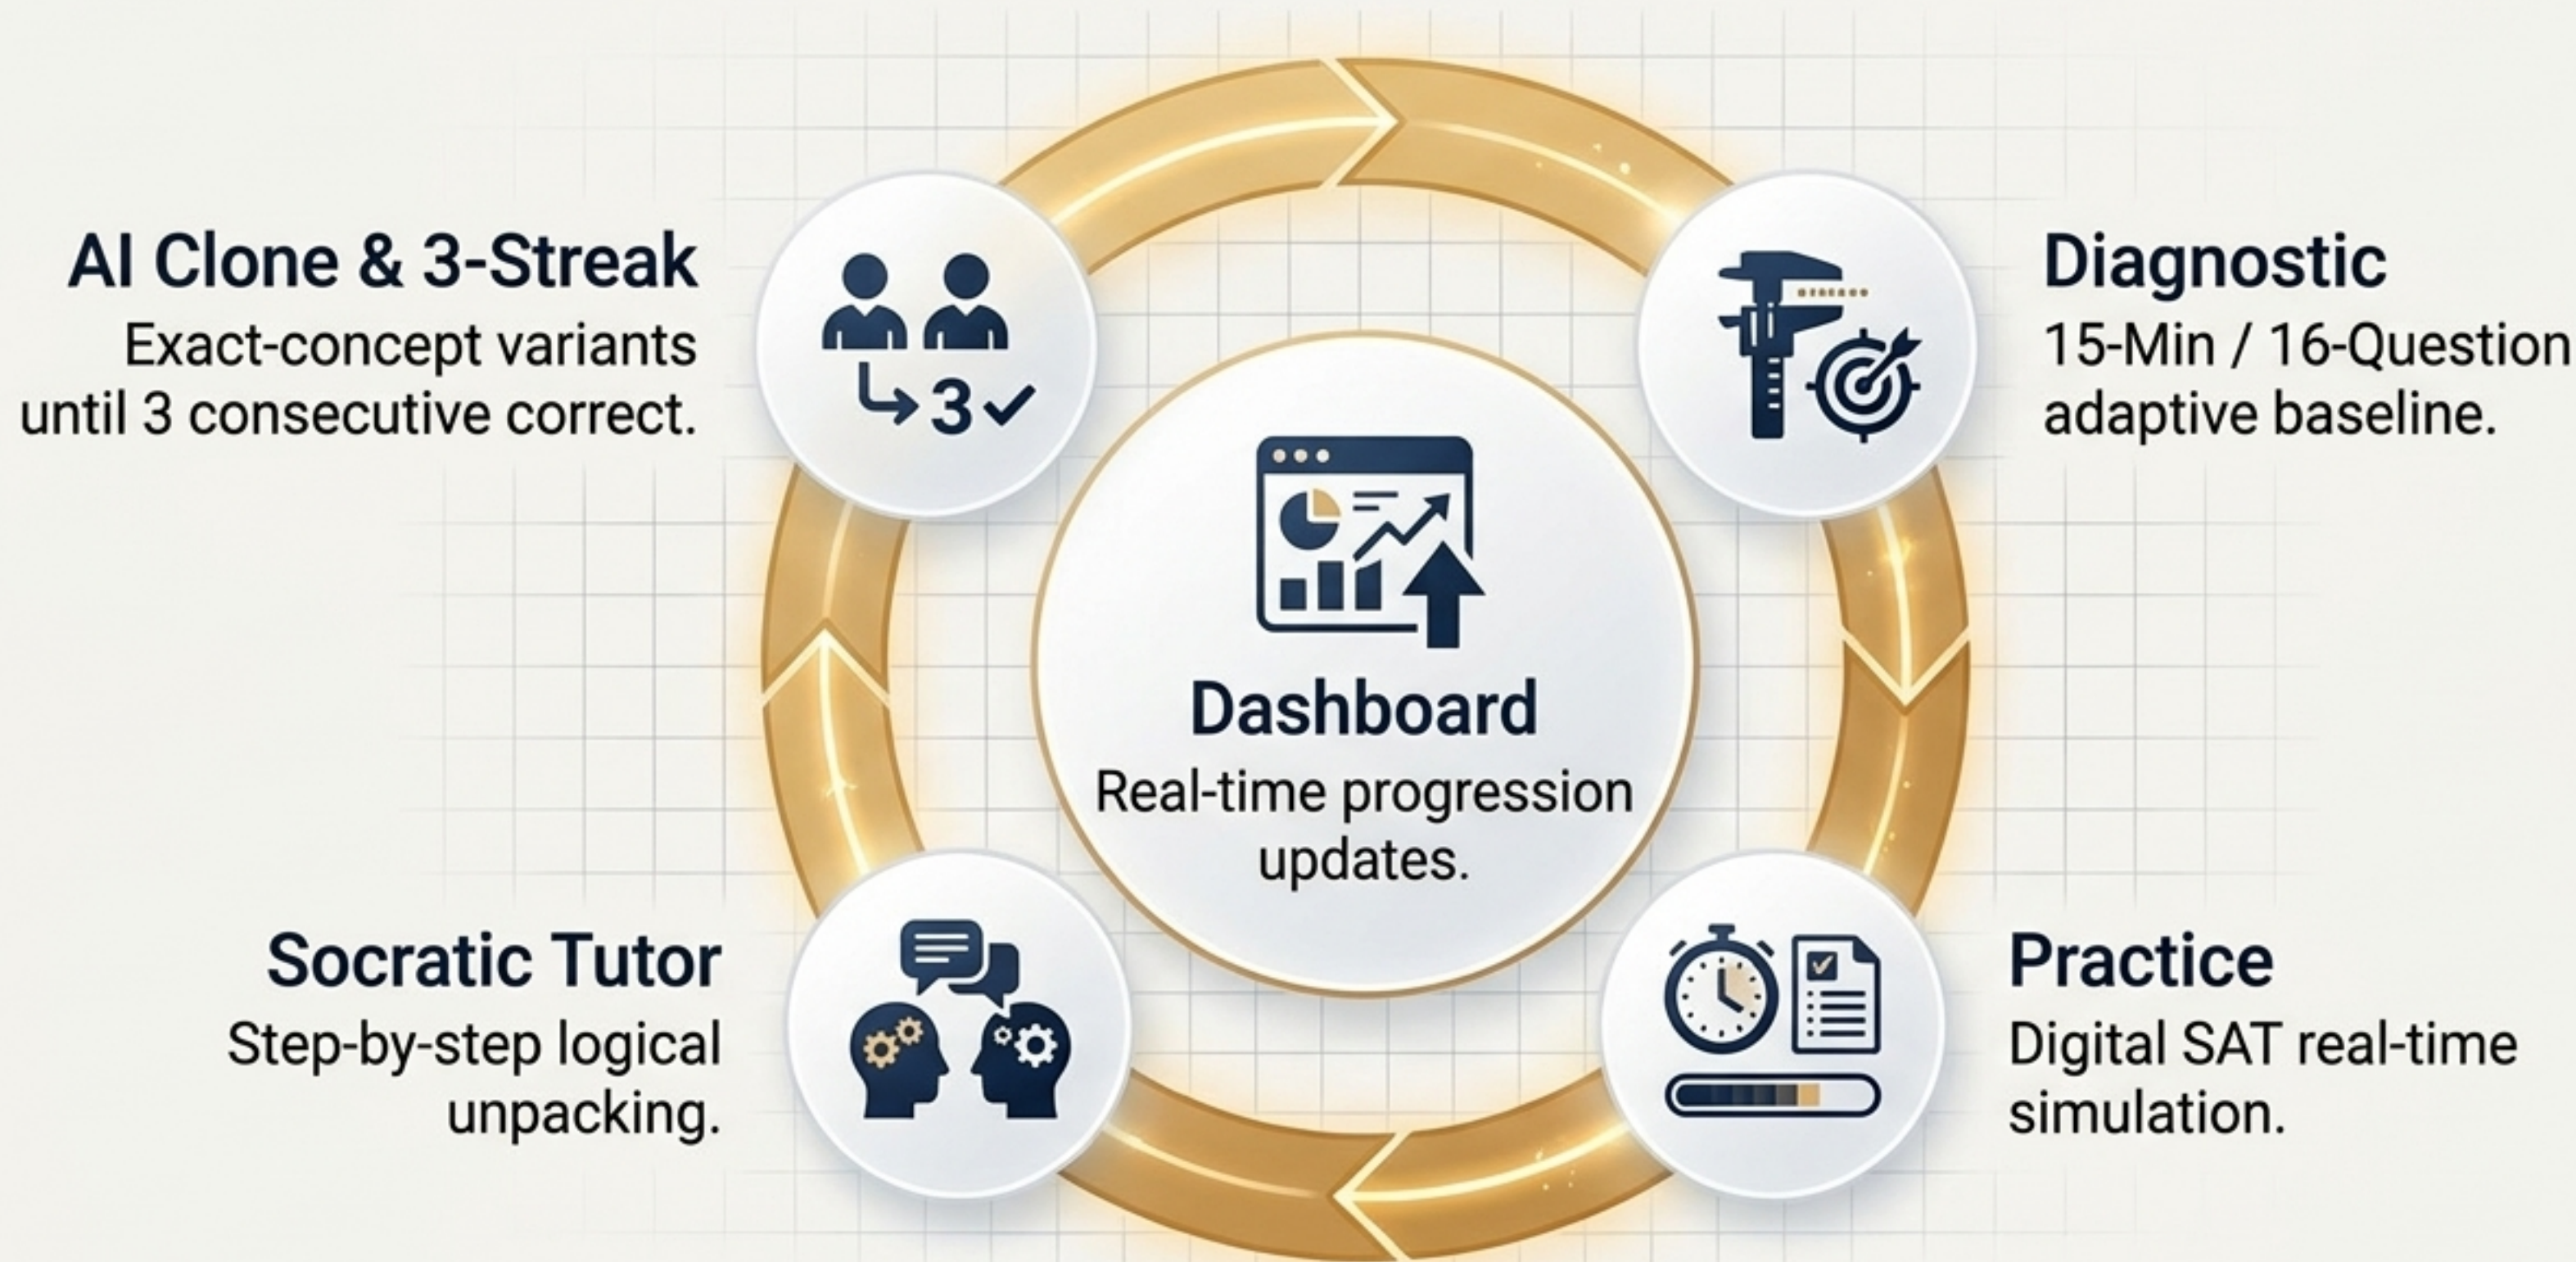

Not a generic chatbot.

A **purpose-built, AGI-era learning platform** designed specifically for the Digital SAT format.

- SmartSAT identifies exact learning gaps in just 15 minutes.
- It replaces blind drilling with a mathematically precise, illuminated path to higher scores.

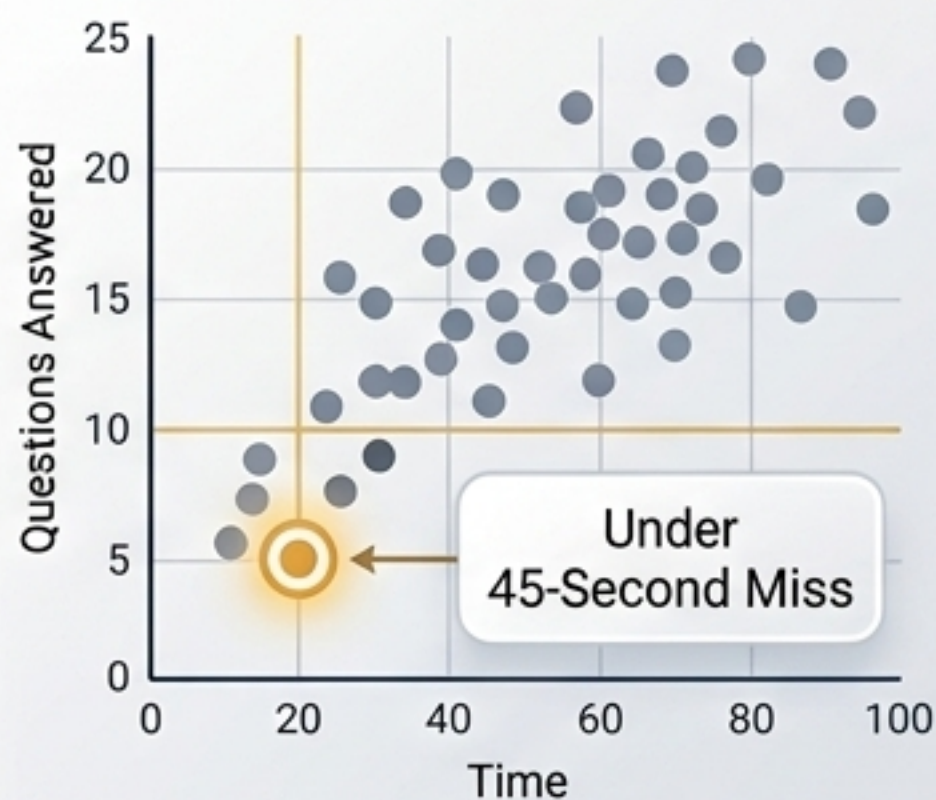

The AI Learning Loop ensures zero risk and pure gain

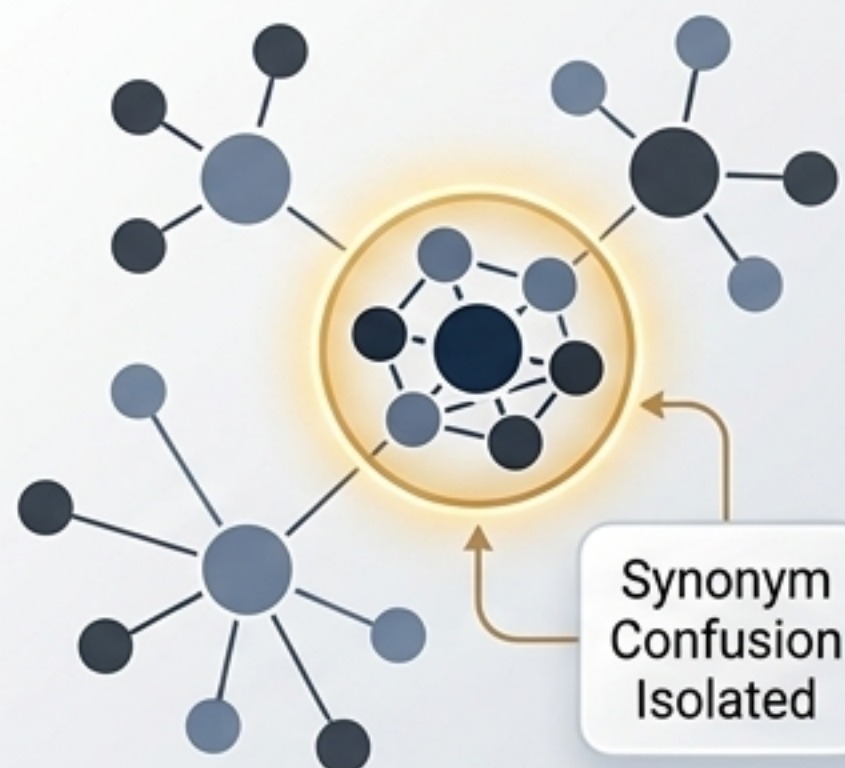

Precision diagnostics isolate behavioral traps using pure data telemetry

SmartSAT utilizes an Attention Score based entirely on learning behavior—pacing, pauses, difficulty shifts, and repeated errors—without the use of intrusive webcams.

A zero-friction Go-To-Market funnel designed for rapid adoption

Our pricing strategy focuses on extreme value and simplicity. A single \$600 license grants a student full platform access until they are completely finished taking the SAT. If started in 9th grade, the cost is **less than \$0.50 per day**.

Barrier-free expansion through deep multilingual support

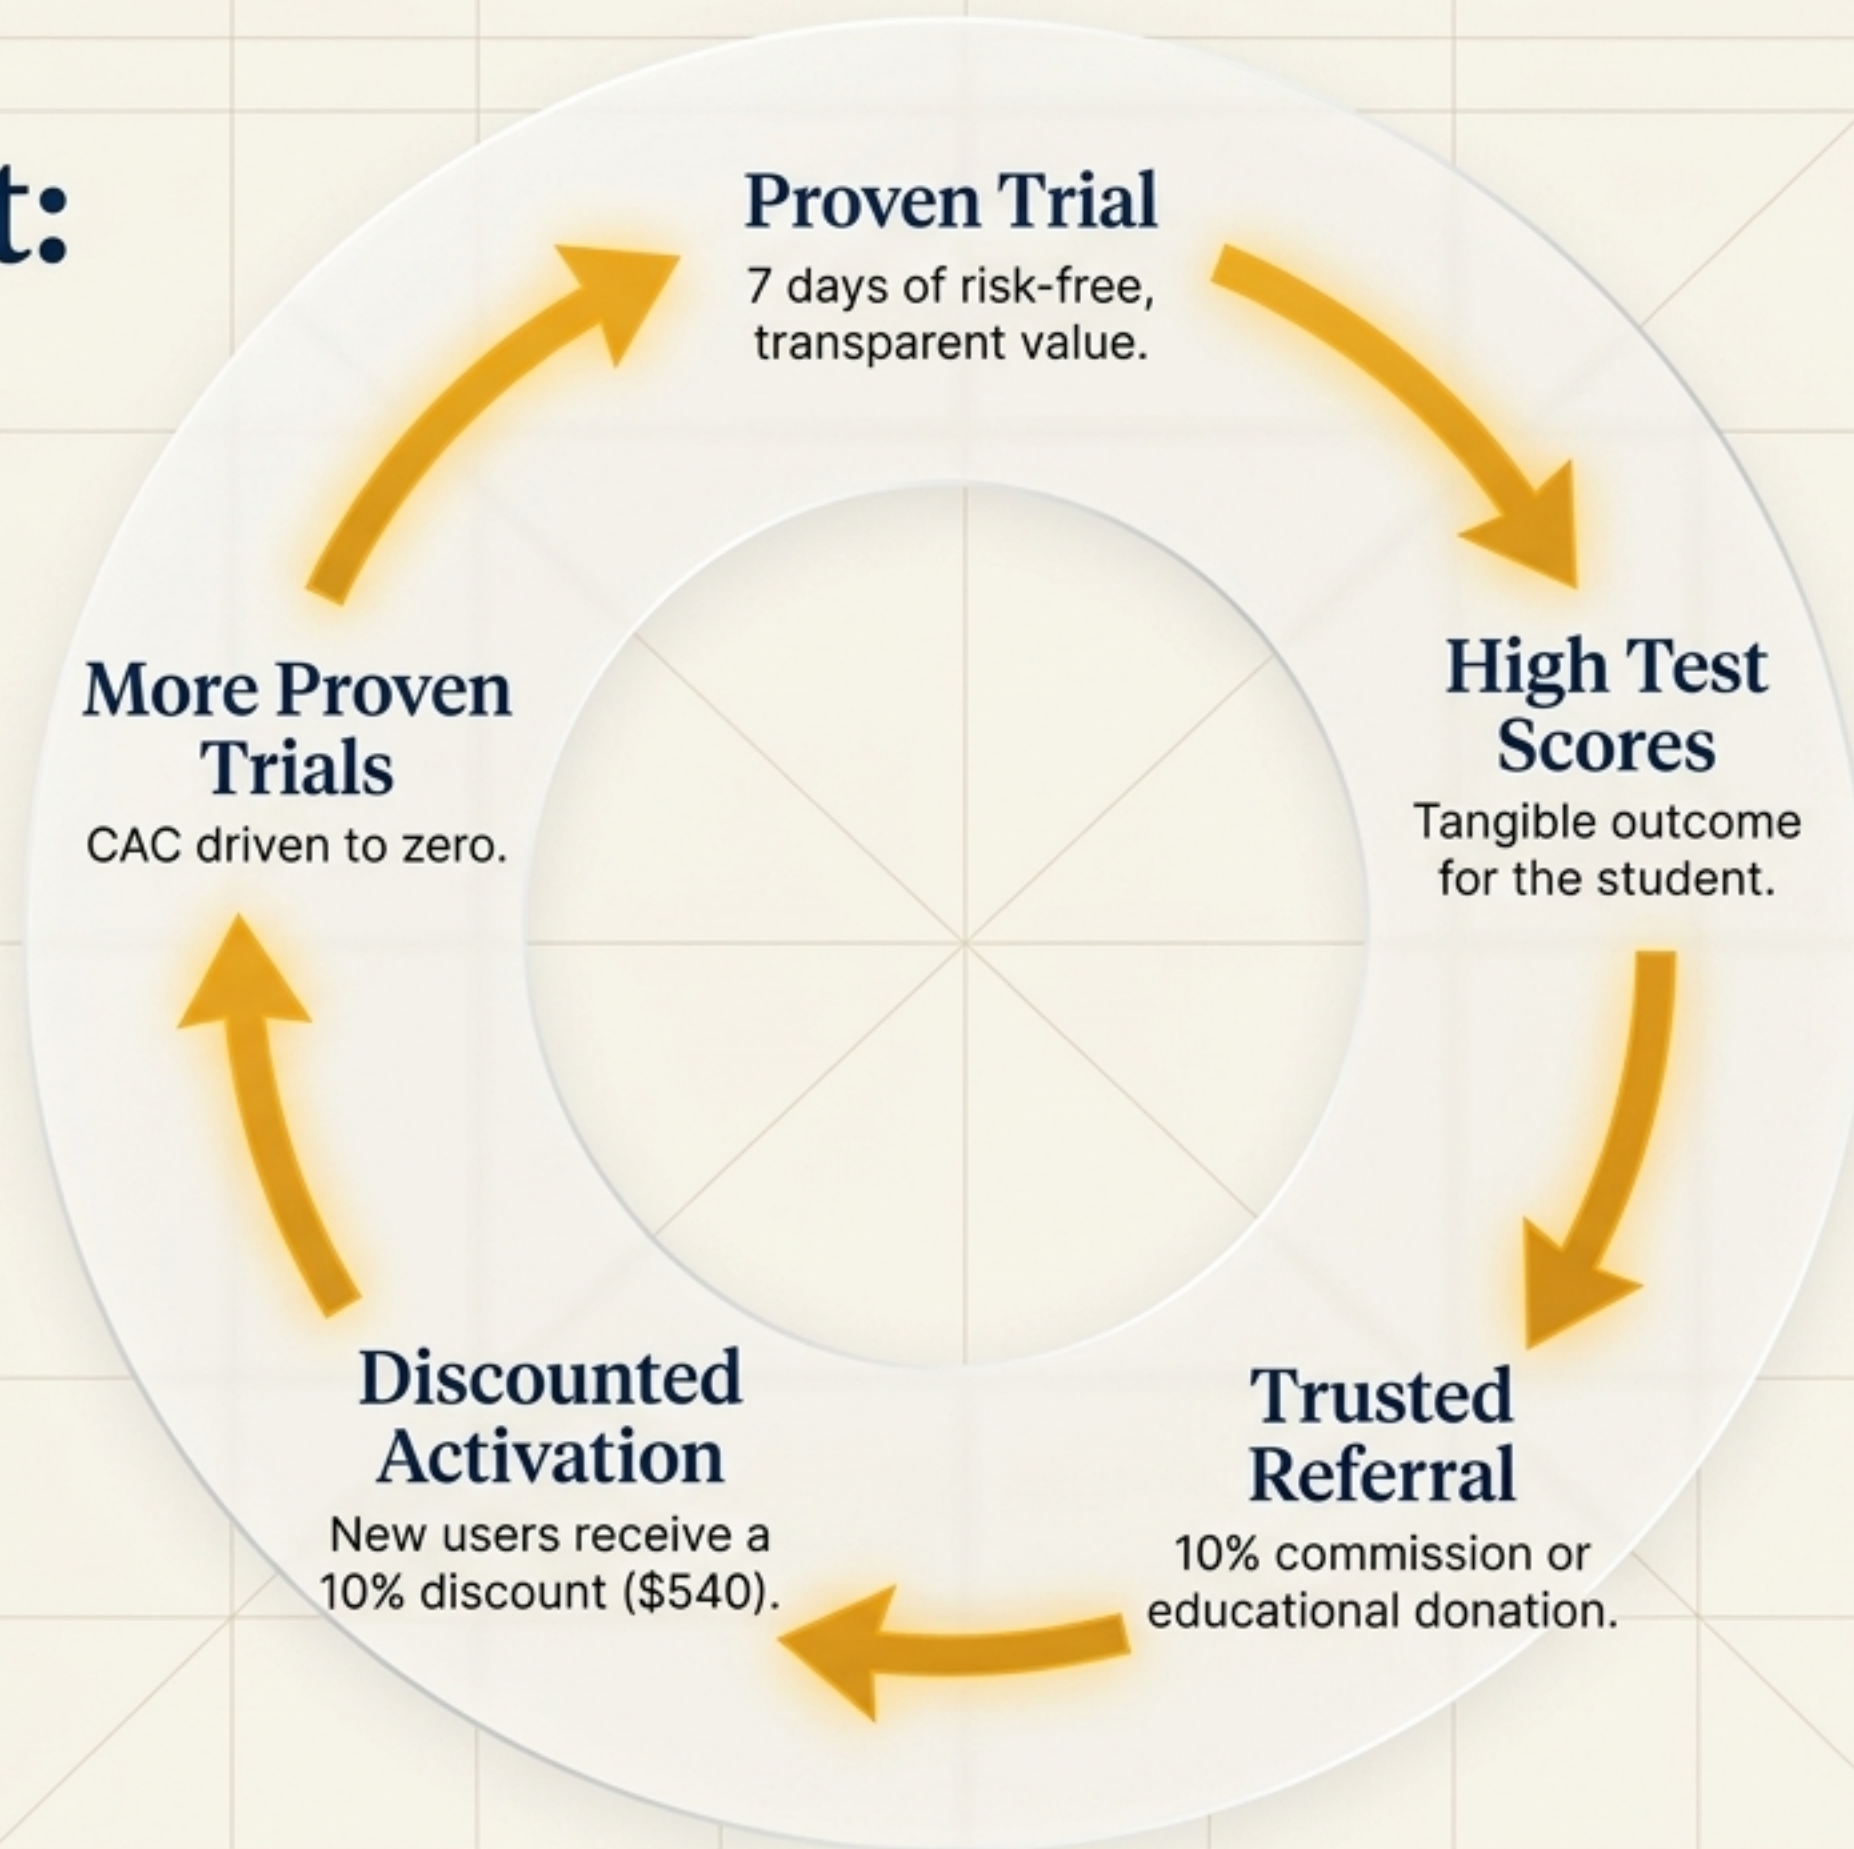

Many parents of SAT test-takers do not speak English as their strongest language.

SmartSAT bridges the gap for immigrant, international, and bilingual families, lowering the barrier to entry and fostering cross-generational trust.

Scaling through trust: The AGI-Era Growth Flywheel

SAT products scale best through trusted recommendations. Because SmartSAT delivers visible, transparent results, we incentivize the community to fuel our organic growth.

The path is illuminated. Join us for the Fall 2026 Launch.

The platform is built. The GTM strategy is locked. We are ready to redefine SAT prep for a generation of students.
